INDUSTRY OVERVIEW:

Bangladesh is largely dependent on the Ready Made Garments (RMG) sector. Bangladesh's garments exports industry alone comprised USD 28094.16 million in FY 2015-16 which is 82.01 % of the total exports. There are 4328 factories today in Bangladesh with 4.00 million employees. This knit garments industry earns a staggering USD 12797.26 million every year from its export. With the huge growth and success in this sector little effort has been put into action on the printing of the exported knitwear. Currently being one of the largest exporters of knit garments in the world, Bangladesh lacks grip on the printing solutions required for this industry to generate more revenue. The raw materials of these textiles printing, like the printed cloth materials come directly from abroad. A lot of orders are refused every year as Bangladesh lacks the technology and skilled manpower required to textile printing in Bangladesh. Digital signage sector is fully flourished now. Hundreds of thousands businessmen are engaged in this sign industry. This industry have remarkable contribution to Bangladesh economy. It's a really good opportunity to exhibit all types of digital signage printing & textile printing , Sublimation printing machinery & Accessories in this exhibition. Due to this absence of solution providers in textile printing, Screen Printing, Digital And Signage Printing industry, Bangladesh now imports products and printing solutions from China, Japan, Korea, Italy, Singapore, Malaysia, India, as they are the regional leaders in this industry. Even there is no single printing studio in Bangladesh to support manufacturers to get hands on experience on printing products. Bangladesh loses a fair amount of revenue every fiscal year due to high processing and importing charges to import printing solutions from abroad. Currently only a mere percentage of companies in Bangladesh provide textile printing, Screen Printing, Digital And Signage Printing solutions with their quality of work still well below global standard. Considering the huge scope of business, some of these regional leaders have shown interest to provide end to end printing solution service with a setup of world class printing studio in the Bangladeshi textile printing, Screen Printing, Digital And Signage Printing sector. This can be a mutually beneficial relationship for the both the Bangladeshi RMG industry and the printing solution providers as the scope of business will add another jewel in the crown of the already booming RMG industry of Bangladesh.

Exhibitor Profile

Screen Printing Inks, Emulsions, Chemicals, Mesh & Related Materials.
DTG & Sublimation Transfer Digital Printers, Sublimation Blanks, Inks, Transfer Papers, Machines.
Textile Printing Machines, Inks, Transfer Papers.
Large format, Digital Printers. Solvent & Eco-Solvent Printers.
Direct to Garment Digital Printers. UV-LED Flatbed Printers.
Digital Inkjet Printing & Printing Consumables. CNC Router Laser Engravers.
Lamination Machines and Systems.
Fabricating & Finishing Equipment.
Glass Printing & Graphic Imaging.
Screen Printing Machines & Manufacturers.
Sign Substrates / Equipment. Digital / Modular Signage.
Garment Decoration, Pad printing Machinery & Inks.
UV Inks / Machines.
Label and package printing machinery.
LED Sign & Displays.
Digital Signage. Materials & Spares.
Vehicle Wrapping Solutions.
Textile Dyes & Chemicals.

Participation Charges:-

***Corner Space : US\$ 320/ Per Square Meter + Vat 15 %**

Minimum Space: 9 Square Meters

***Shell Scheme: US\$ 300/ Per Square Meter + Vat 15 %**

Minimum Space: 9 Square Meters

***Bare Scheme: US\$ 280/ Per Square Meter + VAT 15%**

Minimum Space: 54 Square Meters

Package stand (Min. 9 sq.m),including :

One package stand of 9sqm includes partitions, carpeted floor, single phase socket, fascia with company name, 01 information counter, 02 chairs, 01 fluorescent tube, 02 Spot Lights, 01 waste basket.
